

WCTC Nursing Petition Frequently Asked Questions

Q: Is applying for admission to the nursing program and petitioning the same thing?

A: No. When you apply for admission, you are applying to the college to be accepted into the nursing program. Petitioning occurs when you are ready to take nursing core classes. Petitioning is a competitive process based on seat availability and does not guarantee a seat.

Q: Do I have to be admitted into the nursing program before I petition?

A: Yes. Students must complete all admission steps and be admitted into the nursing program prior to petitioning for nursing core classes.

Q: How do I know when I am ready to petition?

A: You are ready to petition once you have completed or are in the process of finishing your final prerequisite courses and are ready to begin nursing core classes the following semester. Priority goes to students who are complete with their requirements.

Q: How are seats in the program awarded during the petition process?

A: Beginning for the fall 2024 petition, PAX or TEAS scores will be used to award seats.

Q: Are there specific times in which I can petition for nursing core classes?
