“The hands-on learning is the best, especially for the automotive program, where the majority of technicians learn best by really getting their hands on the vehicles”

Jacob Mueller, Automotive Technology '20

Automotive Maintenance Technician

45-credit TD | wctc.edu/auto-main-tech

POTENTIAL CAREERS:

Automotive/Service Technician, Automotive Salesperson, Automotive Service Advisor

In this ASE accredited program, gain skills to work on engines, drive trains, brakes, electrical, steering and suspension systems. Automotive maintenance technicians use high-tech and traditional equipment to complete service work, replace parts and conduct diagnostic tests on vehicles. Develop knowledge of vehicle safety, advanced chassis systems, and transmissions and transaxles.
