If this happens, I can reinstate myself by attempting, paying for with sources other than federal Title IV financial aid, and successfully completing at least 6 credits at WCTC, in one semester, with at least a 2.0 term GPA (I would also need to successfully complete at least 67% of my attempted credits that semester).
- I understand that there are resources on campus that provide academic assistance and will seek them out to ensure my academic success.
- I can only receive financial aid for a total of 48 attempted credits if I am in a one-year program.
- I can only receive financial aid for a total for 102 attempted credits if I am in a two-year program.
- I understand that my financial aid will not be reinstated until this form is returned to the financial aid manager.
