Your 2018-19 Free Application for Federal Student Aid (FAFSA) has been selected for the verification. If you filed or are required to file a federal income tax return for 2016, you must provide tax information for 2016 by using the IRS Data Retrieval Tool on the FAFSA website or submitting a Tax Return Transcript from the IRS to the Financial Aid Department. Parents of dependent students and spouses of independent students are also required to submit tax information. The Department of Education requires that your tax information come directly from the IRS; **paper copies of Income Tax Returns can no longer be accepted for verification purposes.**

There are two options to obtain your tax information from the IRS: WCTC recommends using the IRS Data Retrieval Tool on the FAFSA website as it allows students to satisfy the tax information requirement much faster. If you, your spouse, or your parent(s) are unable to use the IRS Data Retrieval Tool, you must submit a Tax Return Transcript from the IRS. If you, your spouse, or your parent(s) are not required to file federal income tax return for 2016, but had earned income in 2016, you must contact the IRS for a Wage and Income Transcript for 2016. Instructions for both options are listed below:

Instructions to Use the IRS Data Retrieval Tool

Then click **SUBMIT MY FAFSA NOW**. A new transaction of your FAFSA should be transmitted to the Financial Aid Office within a few days that will note that you have successfully used the IRS Data Retrieval Tool.
