15-credit Technical Diploma

For more information:
www.wctc.edu/human-resource-professional

The key to any successful business is its people. Matching the right employees with the right position and effectively managing personnel can contribute to that success. In the Human Resource Professional technical diploma program, develop skills in the recruitment, development, motivation and evaluation of employees. Cultivate management abilities in planning, organizing, controlling and directing the work of others, and appraising performance. Explore employer liabilities and legalities, and gain familiarity in employment law.

- Prepare for jobs such as human resources assistant, training and development coordinator or human relations payroll assistant.

- Credits earned in the Human Resource Professional program can be applied to the Human Resources Associate of Applied Science Degree and the Supervisory Management Associate of Applied Science Degree programs.

This is a Blended Options program only. Accelerated • One night per week • Prior learning credit
