Higher Ed

HEROES IN THE MAKING

Embark on a purpose-driven journey with a career in protective services. Through hands-on training in life-saving techniques, crisis management and law enforcement strategies, students become prepared for high-stakes roles where quick thinking and decisive action are paramount. Graduates of these programs develop a heart for service and emerge ready to face challenges head-on, whether on the frontlines of an emergency or dutifully safeguarding their communities.

Criminal Justice Studies

60-credit AAS | wctc.edu/criminal-justice

POTENTIAL CAREERS:

Law Enforcement, Homeland Security, Private Security, Corrections, Probation Parole, Emergency Communications

Explore the framework of the criminal justice system, and prepare for jobs in a variety of professions or easily transfer into bachelor's degree programs at select four-year colleges. Develop critical life skills necessary for any public safety or human service job.

Criminal Justice - Law Enforcement Academy

wctc.edu/law-academy

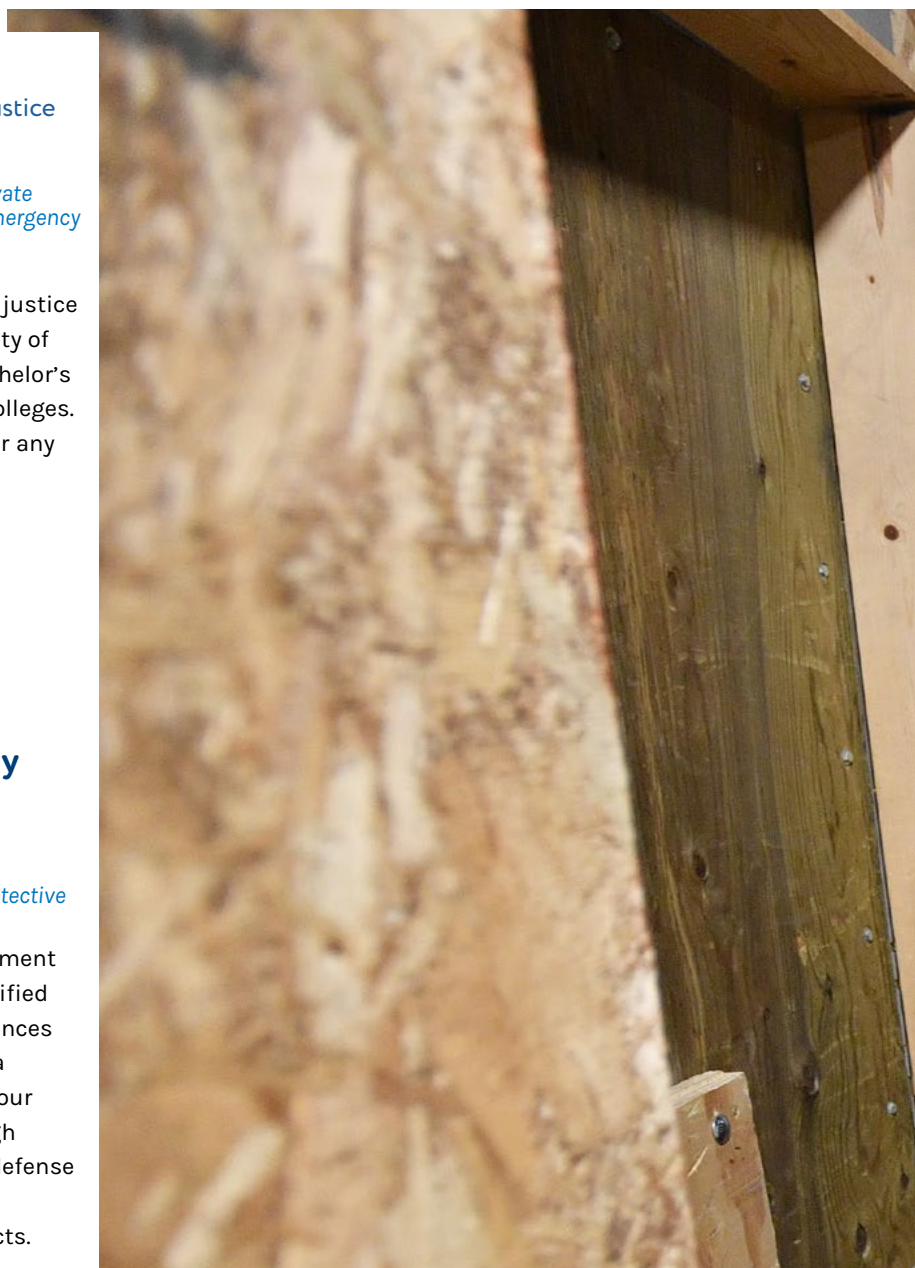

POTENTIAL CAREERS:

Law Enforcement Officer, Police Officer, Detective

WCTC's Criminal Justice - Law Enforcement Academy prepares you to become certified as a law enforcement officer and enhances your ability to gain employment with a law enforcement agency. Build upon your previous classroom knowledge through additional training in topics such as defense and arrest tactics, emergency vehicle operation, firearms and vehicle contacts.

"WCTC sets students up for success by employing some of the state's most knowledgeable instructors. They do a phenomenal job at giving students and law enforcement recruits the most realistic, hands-on experience to prepare them for the real world."

Jeff Edmonds, Criminal Justice - Law Enforcement Academy '17

FIRE MEDIC | PATHWAY

Fire Medic

66-credit AAS | wctc.edu/fire-medic

POTENTIAL CAREERS:

Fire Fighter, EMT - Paramedic, Emergency Room Technician (ER Tech)

Fire medics cross-train in the areas of emergency medical services and fire protection/suppression. They respond to all types of emergencies, such as house fires, traffic accidents and rescue situations. Develop skills in emergency medical response at the paramedic technician level; learn about fire behavior, firefighter safety and survival; and develop critical thinking skills for effective emergency response.

Paramedic Technician (Diploma)

38-credit TD | wctc.edu/paramedic-tech

POTENTIAL CAREERS:

Paramedic Technician, Emergency Department Technician, Flight Medic

Paramedics provide emergency pre-hospital care to those experiencing a medical emergency such as illness, injury or trauma. In the diploma program, develop skills in emergency medical systems and paramedic principles; patient assessment; pharmacology, anatomy and physiology; paramedic respiratory and cardiac management; prehospital treatment and care; EMS operations; and caring for special populations.

Fire Protection Technician

60-credit AAS | wctc.edu/fire

POTENTIAL CAREERS:

Fire Fighter, Fire Inspector, Code Enforcement Specialist, Plans Reviewer

Firefighters protect life, property and the environment through fire suppression, hazardous materials mitigation and emergency medical services. They also improve their communities through fire prevention activities. Learn from experienced firefighters and practice skills using state-of-the-art training facilities and equipment. Being a member of a fire department is highly recommended, but it is not an admissions requirement.

Emergency Medical Technician

5-credit TD | wctc.edu/emt

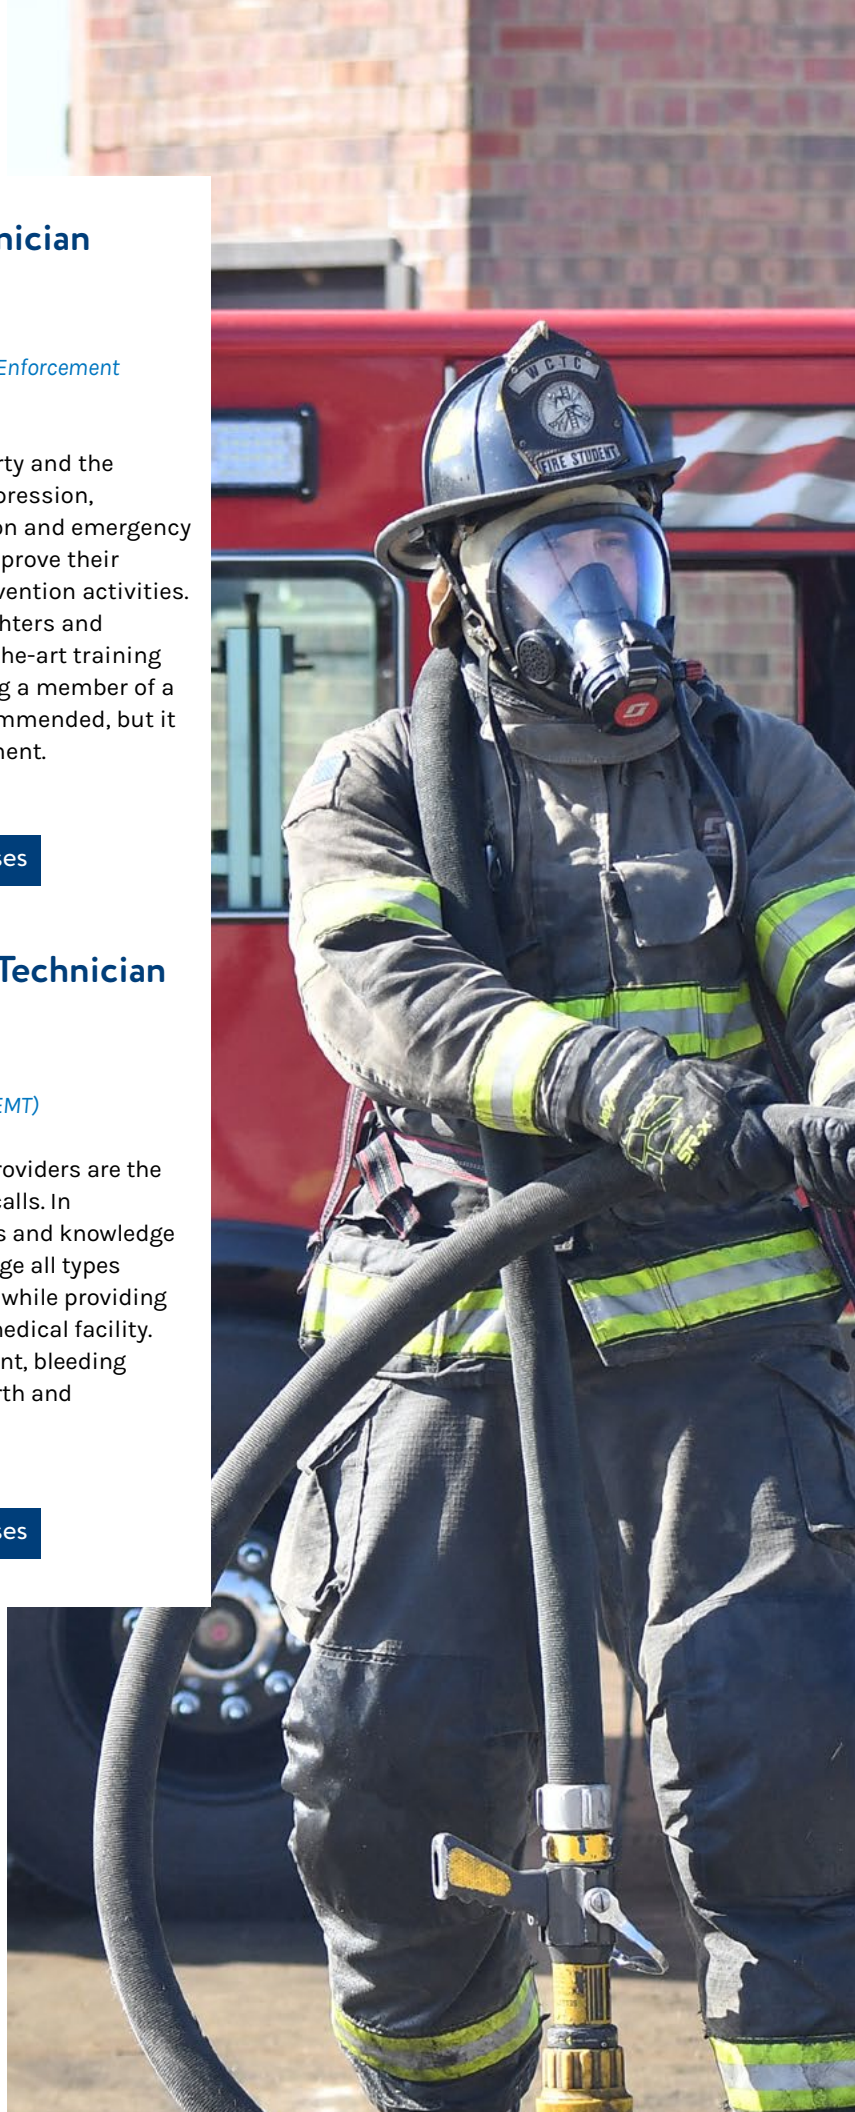

POTENTIAL CAREERS:

Emergency Medical Technician (EMT)

Emergency medical services providers are the first to respond to emergency calls. In this program, develop the skills and knowledge necessary to assess and manage all types of injuries and acute illnesses, while providing safe and rapid transport to a medical facility. Learn about airway management, bleeding and shock, emergency childbirth and automated defibrillation.

“The benefits of a hands-on education far outweigh anything I have ever been a part of. My WCTC education has given me the confidence I need to go and be successful in this profession.”

Clare Wolf, Paramedic Technician '21

Advanced EMT

4-credit TD | wctc.edu/aemt

POTENTIAL CAREERS:

Emergency Medical Technician (EMT)

Advanced emergency medical technicians perform certain medical procedures, provide ambulance transportation and administer prehospital care in preparation for getting patients to an emergency department. In this program, participate in advanced-level clinical experiences, and gain skills in IV access and fluid therapy as well as administration of aspirin, 50 percent dextrose, Narcan, Atrovent, epinephrine, glucagon and nitroglycerin.
