Undergraduate Credit Articulation Agreement
Waukesha County Technical College
And
Marquette University

Waukesha County Technical College ("WCTC") and Marquette University ("MU") agree to a cooperative relationship through this agreement to better serve students and facilitate the transfer process. This agreement provides a structure through which students at WCTC can transfer their coursework to MU for completion of a bachelor's degree.

1. Academic Requirements

- a. Students must have received a high school diploma or equivalent and completed WCTC's Associate of Applied Science – Accounting Degree outlined in the attached Appendix.
- b. Completion of the attached coursework is not a guarantee of admission. Evaluation for admission to MU is holistic, considering all aspects of the student's academic and non-academic history. Students maintaining a cumulative grade point average of a minimum 3.0 on a 4.0 scale and having earned a C or better in all coursework taken at WCTC are the best candidates for admission.
- c. Students are encouraged to enroll in their MU degree program within three years of initial enrollment in the agreement. Ideally, students will enroll in the agreement prior to or during their first semester at WCTC.
- d. International students must demonstrate English language proficiency as part of the final admission process. Examples of accepted evidence are found in the MU international application guidelines.
<https://www.marquette.edu/oie/prospective-students/application-materials.php>

2. Admission Requirements

- a. Students must sign and authorize WCTC and MU to disclose their educational records, including but not limited to, transcripts, admission, and advising information as appropriate. Students agree to allow the two institutions to share information and allow reverse transfer credits. Students may also receive communication from MU informing them of presentations, workshops, activities, student events, and visits.

- b. Students must be in good academic and disciplinary standing at WCTC at the time of transfer. Students must adhere to each institution's standard policies and procedures including but not limited to those dealing with admission, course enrollment, transfer credits, financial aid, student conduct and discipline, academic probation, dismissal, and reentry.
- c. MU will provide academic advisement to students to discuss admission, program requirements, and transfer credit policies. The attached Appendix lists the transfer level a student would be placed into upon transfer. The transfer level identifies the MU Core Curriculum courses that are not satisfied by transfer credit and need to be completed at MU.
- d. This agreement applies to MU program listed in the Appendix. Note: not all undergraduate programs have an articulation option. Students interested in a MU program not listed in the Appendix should follow general transfer admission instructions.
- e. Courses accepted for transfer credit must follow MU's Transfer Course/Credit Policy as stated in the Undergraduate Bulletin. <https://bulletin.marquette.edu/undergrad/>
- a. Students may also qualify for MU scholarships, including transfer specific scholarships viewable at <https://www.marquette.edu/explore/transfer-students-scholarships-and-financial-aid.php>

3. Other Terms

- a. All students participating in the agreement must apply to MU using the Common Application or the MU Admission Application by the application deadline for the desired entry term.
- b. Failure to meet the requirements above does not preclude the student from applying and being considered for admission to MU using the traditional admission process.
- c. WCTC and MU will publish a version of this document and related forms on its website, so the details of this agreement are available to students interested in participating in the program. MU and WCTC will each have the right to review and approve all advertising for the agreement.

- d. This agreement is effective for three years from the latest date on which this Agreement is signed, with curricular updates made, if necessary, on an annual basis. Any proposed changes to the agreement will be reviewed and agreed to collaboratively by WCTC and MU.
- e. Should this articulation agreement be dissolved, students who have not yet secured an offer of admission to MU will be considered for admission according to regular university transfer policy and deadlines.

4. Requirements at MU

- a. Students must maintain good academic and university standing as described in the Undergraduate Bulletin
<https://bulletin.marquette.edu/undergrad/academicregulations/>
- b. Students must satisfactorily earn a minimum of 45 of the total credits for the degree with MU coursework and fulfil all degree requirements as specified in the Undergraduate Bulletin.
- c. MU reserves the right to discontinue majors and courses. Should a major or course be eliminated, students who are already matriculated at MU under this articulation will be provided the opportunity to complete the program if they have been continuously enrolled in the academic program.

Agreed and acknowledged:
