

Which degree is for me?

Graphic Design

60-CREDIT AAS | wctc.edu/graphic-design

Create appealing and informative visual communications. Learn layout and illustration for print and web campaigns. Advance your knowledge of Adobe InDesign, Photoshop and Illustrator software, as well as prepress/digital printing methods.

GRAPHIC DESIGNERS CREATE:

- Marketing materials (flyers, brochures, posters)
- Visual identity (logos, letterhead, brand guides)
- Packaging, displays, and informational communications
- Illustrations for web and print

Front End Web Development

63-CREDIT AAS | wctc.edu/front-end-web

Learn to create the visual and interactive elements for users of web applications. Explore multiple programming languages, user interface design, responsive web design, project management, content management systems and more.

FRONT END WEB DEVELOPERS CREATE:

- Interactive web applications and experiences
- Website structure and content organization
- Accessible and inclusive interfaces
- Responsive page layout for desktop, tablet, mobile

Web and Software Developer

64-CREDIT AAS | wctc.edu/web-software

Create functional and dynamic data-driven applications. Learn to develop software solutions using multiple programming languages, tools and frameworks. Explore web server administration and mobile application development.

WEB & SOFTWARE DEVELOPERS CREATE:

- Back-end systems
- Database-driven applications and APIs
- Application security
- Desktop applications
